

NEW HOPE PREGNANCY CARE

HOLD ON TO HOPE

JANUARY 2013

THANKSGIVING

We are thankful that God is allowing us to offer limited diagnostic ultrasounds to our clients. God has used you to give us prayer and financial support needed for the ultrasound project.

Our nurses are completing their training and will finish February 2. In our training God has used the ultrasound to help one lady whose doctor had recommended for her to have a D&C because they did not find a heartbeat but in her scan with us a heartbeat was found.

Can you believe we will soon be able show our clients the life that is growing inside of them. We know that every unwed woman who faces an unintended pregnancy is abortion vulnerable because of her circumstances. Now she can see that her baby is a baby and not a "blob of tissue". Wow, isn't God good!

Now that we can offer her an ultrasound we need to make sure she comes to New Hope. Please pray for these abortion vulnerable ladies to come to New Hope for their pregnancy test. We are working on updating our website, adding social networking, and adding a mobile app to market New Hope to potential clients.

God has graciously provided for us to have ultrasounds. We have the funds for the scans for the first few months. New Hope has set up a separate account just for the ultrasound part of our ministry. Our cost per ultrasound is around \$300. If you would like to purchase an ultrasound for a client you may designate on your donation for that purpose.

"O give thanks unto the Lord; for he is good: because his mercy endureth for ever."

Psalms 118:1

REMEMBERING ROE V. WADE

January 22, 2013 was the 40th anniversary of Roe v. Wade decision that legalized abortion in our country. Thirty years ago, on the 10th anniversary of *Roe v. Wade*, President Ronald Reagan wrote "Abortion and the Conscience of the Nation" - an essay posing a question that still challenges us today:

"THE REAL QUESTION TODAY IS NOT WHEN HUMAN LIFE BEGINS, BUT WHAT IS THE VALUE OF HUMAN LIFE? THE ABORTIONIST WHO REASSEMBLES THE ARMS AND LEGS OF A TINY BABY TO MAKE SURE ALL ITS PARTS HAVE BEEN TORN FROM ITS MOTHER'S BODY CAN HARDLY DOUBT WHETHER IT IS A HUMAN BEING. THE REAL QUESTION FOR HIM AND FOR ALL OF US IS WHETHER THAT TINY HUMAN LIFE HAS A GOD—GIVEN RIGHT TO BE PROTECTED BY THE LAW—THE SAME RIGHT WE HAVE."
